

Aspen Rehabilitation  
9900 W Sample Road, Suite 102  
Coral Springs, FL 33065

Dear Tim,

I am writing to express my gratitude for the care you and Monica provided during my recovery from a herniated disc in my lower back. Your office environment and staff exude a professional yet "warm" setting for treatment.

As you know, I was referred to you by Dr. Doris Hamawy, my wife, due mainly from the positive feedback she has received from many patients referred to your practice previously.

I can say, their feedback was more than precise as I entered rehab for the first time with much trepidation. Upon conclusion, I am now aware of the exercises and movements, which must be implemented daily, in order for me to decrease the likelihood of a relapse.

Thank you again for your assistance and guidance during a very painful and humbling injury.

My Sincere Thanks!

Ron Daratany
